

CLIPS

EFFICIENT AND CONNECTING

Our collection of clips was designed to bring efficiency to your field or greenhouse. We have a variety of clips, each of them with their own unique advantages. Looking for a way to attach your labels to your plants? Opt for our labelclip, that is an easy, two-step way to label your plants. Orchid Hooks, CombiClips and grippers can be used for all kinds of plants, as well as Clip Rings and Plant Rings. Our Dragonfly and Butterfly grippers will help make your product stand out from the crowd.
