

## Tonkin U-trellis

Our tonkin U-trellises are a gorgeous way to support your plants. These U-hoops are often used to support rose bushes and are a sustainable way to do so. Because of the natural properties of tonkin, this product is ideal for long-lasting outdoor use.

105 cm	19 cm & 23 cm	12-14 mm
120 cm	23 cm	12-14 mm
130 cm	30 cm	14-16 mm

## Tonkin Tripod Trellis with Green Cap

Tonkin tripods are ideal for staking outdoor plants that require support. The pyramid shape looks great with many plants. The tripods are connected with a green plastic cap. Only thing you have to do is to stake the pyramid with your plants, because the tripods are pre-assembled in our factory.
